D. Faria/tc/January 16, 2004

Prior to the case being assigned to a Central Intake worker, a request was made for CRU to check with E & I Assistance to determine where, in fact Phoenix actually resides, because, last November, the child was with her father, Steven Sinclair.

A call to E & I Assistance determined that Samantha Kematchs' file was closed to them in March/03 as she had no children with her. [REDACTED] Samantha's mother is on assistance on her own budget at [REDACTED]; her birthdate is Sept. 3/56. At this time, Steven Sinclair is on E & I Assistance with Phoenix on his budget and they live at the address shown above.
